Dear Jerry:

Again, I am sorry to have had to miss the June Trustees meeting because of an out-of-State business commitment.

In reading your report of the June meeting, I was interested that an active campaign is being mounted by Red Cross on behalf of Clara Barton. I once heard a lecturer state that she was indicted after the Johnstown flood regarding accountability of funds intended for flood victims. I do not recall the end result of such charges but perhaps the matter should be researched.

I also noted that Maryland is without an elector due to the death of W.O. Mauck. Perhaps, we should seek as an elector either the President of John Hopkins University or the University of Maryland.

Trusting to see you soon. Kind personal regards,

Cordially,

*Don Darcy*
